### New Parking Standards to Help Your Community

By Code Enforcement Inspector Jon C. Martin

Effective November 2<sup>nd</sup> the New Parking Standards go into effect for all of Orange County. How will this change affect you and your neighborhood?

To start with, those abandoned vehicles parked in the street or right of way can now be addressed by Parking Enforcement Officers within the Orange County Sheriff's Office (OCSO). Before these changes, new complaints would come into 311 and Code Inspectors were powerless when addressing a vehicle in the street with no tag and flat tires. With this new code section amendment, these vehicles can now be ticketed and towed by the OCSO Parking Enforcement Officers. Trailers parked in the street and no one knows who they belong to? They are now prohibited and can be ticketed by the OCSO Parking Enforcement Officers. Dual rear wheel vehicles and recreational vehicles can also now be ticketed and eventually towed by OCSO Parking Enforcement Officers.

Gone are the days when offenders would push their junk car into the street to avoid code enforcement from towing it. If offenders push junk cars into the street now, the OCSO Parking Enforcement Division can and will ticket the vehicle and tow it.

Please contact 311 to report any of these offenses and your complaint will be forwarded to the correct department. For after-hours complaints, contact the Sheriff's Office non emergency number 407-836-4357.

Thanks to H&A Tree Brothers  
for donating their services to beautify  
our community.

Our landscaping on Dahlia Drive looks great!

"We Won't Leaf You Hanging"

Dear neighbors,

To say this year has been difficult is an understatement. I know times have been hard but we are with you. My staff and I work tirelessly to ensure we are doing our best to help all the hard working people of District 3. In October my office hosted our second annual District Three Leadership Conference in which participants learned how the County is addressing the pandemic and our plan for moving forward, among countless other important topics. In November we partnered with Second Harvest Food Bank to distribute hundreds of meals to food stressed families in preparation for the Holidays. In December I will be coordinating and participating in numerous food and toy drives to collect items for those in need. The need will constantly be greater than the supply but we will always strive to assist as many people as possible.

I hope that you and your love ones have a wonderful holiday season and continue to take care of yourselves and your neighbors. I hope that we continue to get through these tough times together as a community. I hope that we emerge from this year more united than ever. And lastly, I hope the new year brings fewer problems and more peace.

Best Regards,

**Mayra Uribe, District 3 Commissioner**

## VISION 2050

The final Vision 2050 document will guide how – and where – growth will occur during the next three decades, including: *traffic, walkability, bike facilities, transit, trails, parks, housing, neighborhoods, schools, businesses, water, environmental and cultural protected areas, etc.*

We need your input to direct the final document!

Visit [www.ocfl.net/vision2050](http://www.ocfl.net/vision2050) to learn more and to complete the survey.
